WELCOME TO THE JOSHUA TREE AVEDA CONCEPT SALON & SPA

In April 2002, the Joshua Tree opened its doors & became the first Aveda salon to launch in Nottingham.

Based in leafy West Bridgford, with ample free parking next to Roko Health Club, it has pioneered the concept of providing the ultimate salon experience alongside high end quality products that are cruelty free, kind to the environment & completely sign up to the ethos of 'Beauty with a conscience'.

Aveda and Joshua Tree has been built on the belief that beauty engages the whole person, and that to look beautiful, we must feel it. That's why we take a holistic approach with everything we do.

From the aromas of our products to the extra touches with every salon and spa appointment – it all centres around your wellbeing.

JOSHUA TREE, EXPERIENCE SOMETHING MORE...

A collection of botanical elements arranged around the word "SPA". The elements include several orange blossoms (some white with pink tinges, some yellow), green leaves, and segments of orange fruit. Some of the fruit segments are charred or darkened. The word "SPA" is written in a bold, green, sans-serif font in the center of the composition.

EXPERIENCE SOMETHING MORE...

How do you want to feel today? As no two people are the same, we believe every spa treatment should be completely customised.

Which is why we merge the science of results-driven, plant-based products with the art of high-touch experience based on your specific needs that day. From stress to low energy and signs of premature ageing, we offer help through the powerful combination of aroma, breath, and touch leaving you with a profoundly increased sense of wellbeing.
